AUDITOR'S OPINION

SUPERVISORY UNION NO. 9

We have examined the financial statements of the various funds and groups of accounts of Supervisory Union No. 9 for the year ended June 30, 1979 listed in the foregoing table of contents. Our examination was made in accordance with generally accepted auditing standards and accordingly, included such tests of the accounting records as we considered necessary in the circumstances.

The Supervisory Union No. 9 has not maintained a record of its general fixed assets and accordingly, a statement of general fixed assets, required by generally accepted accounting principles, is not included in the financial report.

In our opinion, the financial statements listed in the aforementioned table of contents present fairly the financial position of the various funds and groups of accounts of Supervisory Union No. 9 at June 30, 1979 and the results of operations of such funds for the year then ended in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

The supplemental schedule included in this report, although not considered necessary for a fair presentation of the financial position and results of operations of such funds and groups of accounts, is presented primarily for supplemental analysis purposes. This additional information has been subjected to the audit procedures applied in the aforementioned examination of the basic financial statements and is, in our opinion, fairly stated in all material respects in relation to the basic financial statement taken as a whole.

FRYEBURG RESCUE

Although Rescue made two less runs in 1979 than in 1978, it was a busy year. There were 198 runs in total, with 124 from Fryeburg, 33 from Brownfield, 26 from Lovell, 9 from Chatham, and 6 from Stow.

Certified Instructors, who are members of Rescue, have conducted advanced First Aid and C.P.R. Courses in conjunction with Adult Education Programs in Lovell and Fryeburg, as well as for members of Rescue.

There has been a variety of in-service training programs for Rescue personnel, which makes it possible for members to maintain current levels of training and certification, and to provide the opportunity for them to increase their knowledge and skill.

Sixteen members completed the E.M.T. Refresher Course in November, nine are currently enrolled in an E.M.T. Course, and two are enrolled in a modular course for Advanced E.M.T. training at the MAST/Airway Level.

An important addition to our operation this year, is the Extrication Unit, which was purchased, built, and equipped entirely with donations. This vehicle carries equipment used primarily in Extrication, but it also contains some of the larger pieces of equipment, and extra supplies that are frequently required at the scene of a Rescue Operation.

Rescue is currently in its tenth year of operation, with a membership of fifty trained volunteers. The organization, however, represents only a part of the total effort. In addition to the working membership, there are many individuals and organizations throughout the area, served by Rescue, whose constant support and interest contribute much to the total operation of Rescue.

At this time, I would like to express the appreciation and gratitude of Rescue to all of those who are helping to make it possible.

Thank you,
Roberta Chandler
Secretary/Treasurer

FOREST FIRE WARDEN

Prevention and control of forest fires is handled through a cooperative effort between town/city fire organizations and the State Forest Fire Service.

Since 1903, when the first forest fire laws were passed by our Legislature, the State Forester has appointed someone in each municipality as a Forest Fire Warden and charged him with the responsibility of forest fire prevention and control within his town/city. This person may ask the State Forester to appoint as many Deputy Forest Fire Wardens as may be necessary to efficiently carry out his charge.

The State Forester has divided the State into ten forest fire districts with a full time District Forest Fire Chief in each district. The State organization is charged with assisting the municipal forest fire organization in any way possible.

State personnel conduct Fire training schools, assist with forest fire suppression, fire cause investigation, prosecution of fire law violators and forest fire prevention programs. Forest Fire suppression equipment is purchased through State bulk purchasing ability and sold to local forest fire organizations at one-half cost. Excess military property is obtained and turned over to town/city fire departments at no cost to local departments for conversion into fire suppression units. This cooperative arrangement between State and municipality has resulted in one of the best forest fire records in the United States with less than one-half acre of woodland burned in each fire reported.

In Appreciation

This Town Report is dedicated to Millard Chandler, a life-long resident of Chatham and a town office holder for most of his adult life. Recently retired from his public offices, Millard has served the town long and well in several different capacities including Town Moderator (for more than thirty years), Fence Viewer, Surveyor of Wood, Bark, and Lumber, Budget Committee member, and Planning Board member. The wit, good humor, and sound judgement that Millard has brought to each of his public offices will be missed. We wish to express our sincere appreciation and thanks for the contribution Millard has made to the Town of Chatham through his years of service, and we hope that others may benefit from his example.
